Dear Mr. Ravi,

The answers to your queries have been uploaded on the website of HCI Mauritius under Education and language, titled FAQs about Undergraduate Medical Education in Mauritius.

You may please go through them. Any supplementary query may please be directly addressed to one of the two Medical Colleges of Mauritius directly.

Navin Gulati
Counsellor, HCI Mauritius

Dear Mr. Ravi Kumar,

The answer provided in our FAQs is very clear as to the conditions required for an Indian citizen to practice medicine in Mauritius.

An Indian citizen can not sit for a licensing exam in Mauritius directly, that is available only for Mauritian citizens.

A Indian citizen, if he wishes to practice medicine in Mauritius, has to get registered with the Medical council of India first and then come back to Mauritius after obtaining a work permit (job offer) from Mauritius.

Any further query on this subject may be addressed to the medical council of Mauritius at contact@medicalcouncilmu.org or to one of the two medical colleges functioning in Mauritius.

Navin Gulati
Counsellor HCI
